High-Voltage Power Amplifier Installation Instructions

Covers Parts #6590

Kit Contents:

- High-Voltage Power Amplifier
- 3x12mm button-head screws (2)

This high-voltage power amplifier is part of a family of compatible high-voltage lighting accessories from Traxxas. Visit Traxxas.com for complete details on compatible high-voltage accessories for use with this amplifier.

CAUTION! To prevent damage to the electronic speed control (ESC) and/or the high-voltage power amplifier, ensure the batter(ies) are disconnected before plugging the amplifier into the ESC.

High-Voltage Power Amplifier Installation:

1. Install the high-voltage power amplifier on the chassis. Ensure that the connectors on the amplifier face the front of the vehicle. Secure with the 3x12mm button-head screws (2) (Fig. 1).
2. Remove the 3x25mm button-head screws (2) from the electronic speed control (ESC) to remove the cooling fan cover (Fig. 2).
3. Remove the accessory port cover (Fig. 2); then, reinstall the cooling fan cover on the ESC using the 3x25mm button-head screws. Be careful not to pinch the ESC wires during reinstallation.
4. Plug the 8-pin connector from the high-voltage power amplifier into the accessory port on the ESC (Fig. 3). The amplifier will turn on when the ESC is powered on.

Warranty Information

Traxxas electronic components are warranted to be free from defects in materials and workmanship for a period of 30 days from the date of purchase.

Limitations: Any and all warranty coverage does not cover replacement of parts and components damaged by abuse, neglect, improper or unreasonable use, crash damage, water or excessive moisture, chemical damage, improper or infrequent maintenance, accident, unauthorized alteration or modification or items that are considered consumable. Traxxas will not pay for the cost of shipping or transportation of a defective component to us.

Traxxas Lifetime Electronics Warranty

After the expiration date of the warranty period, Traxxas will repair electronic components for a flat rate. Please visit Traxxas.com/support for a current schedule of warranty costs and fees. The covered repairs are limited to non-mechanical components that have NOT been subjected to abuse, misuse, or neglect. Products damaged by intentional abuse, misuse, or neglect may be subject to additional charges. Traxxas liability, in no case, shall be greater than the actual purchase price of this product. For replacement, product must be returned in brand new condition, with packaging and itemized sales receipt.

Change the high-voltage power amplifier settings and gain access to additional functions using the Traxxas Link App (available in the Apple App StoreSM or on Google PlayTM). The TQi transmitter with the Traxxas Link Wireless Module (part #6511, sold separately) are required.

Compatible with the following Traxxas electronic speed controls (sold separately):

- Velineon[®] VXL-4s (part #3465)
- Velineon[®] VXL-6s (part #3485)
- Velineon[®] VXL-8s (part #3496)

Compatible with the following Traxxas telemetry expander mounts (sold separately):

- Parts #6554, 6555, 6556, 6557, 6558, 6559, 6560, 6561

This device complies with FCC Part-15 & IC RSS-210 rules subject to the following conditions: (1) This device may not cause harmful interference, and (2) This device must accept all interference received, including interference that may cause undesired operation.
